1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other:

The Applicant is thanked for the Amendment filed on 5 August 2009. However, a non-compliant matter has been discovered in the aforementioned response, requiring attention before examination may continue.

37 C.F.R. § 1.121(c) requires, "Amendments to a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection, except when the claim is being canceled. Each amendment document that includes a change to an existing claim, cancellation of an existing claim or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application. The claim listing, including the text of the claims, in the amendment document will serve to replace all prior versions of the claims, in the application. In the claim listing, the status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New), and (Not entered)... If a withdrawn claim is currently amended, its status in the claim listing may be identified as 'withdrawn-currently amended.' "

MPEP 714(II)(C)(A) requires, "For any amendment being filed in response to a restriction or election of species requirement and any subsequent amendment, any claims which are non-elected must have the status identifier (withdrawn)."

The 5 August 2009 Amendment improperly uses the officially unrecognized status identifier "(Withdrawn, Previously presented)" with non-elected claims 22-24 and 36.

The examiner respectfully notes: Non-elected claims must have the status identifier (Withdrawn).
